RE: Reference for Federal Communications Commission: CC Docket Nos. 96-45 and 97-21
Year Two Funding
Reference: Billed Entity 91661 Number
Funding Request Number 175803
Form 471 Application Number 122184

To Whom It May Concern:

Elgin ISD received denial of services from the **Schools and Libraries Fund**, which was dated March 9, 2001, and received on March 16, 2001. According to the appeals procedure outlined on the U.S.A.C. website, we are formally filing this letter of appeal with the **Schools and Libraries Division** and simultaneously filing an appeal with the **Federal Communications Commission**. Copies of this correspondence will also be mailed to **Texas Senator Kay Bailey Hutchison** and **Texas Senator Phil Gramm**.

Elgin ISD is a small school district with very limited funding for projects such as internal connections. Our school district relies heavily on outside funding sources. Without our Year Two Funding from U.S.A.C., our district is now burdened with a \$95,454.47 internal connections bill.

Please refer to the above referenced documents for Year Two Funding. Additionally I have attached several documents that I will refer to throughout this appeal letter. The documents will be listed herein as Document One, Document Two, etc. These documents are documentation of the path Elgin Independent School District has followed over the last three years to ensure this Year Two Funding.

In 1998, Elgin ISD began construction of a new high school. Due to problems with contractors we are currently awaiting the completion of that project. Due to the above referenced problems in the construction of our high school, the internal connections referenced in FRN # 175803 were completed on October 30, 2000.

No. of Copies rec'd 0
List A B C D E

On October 5, 1999, our school district received a **Funding Commitment Report for Application Number 0000122184**, which is referenced in Document One, dated October 5, 1999 (attached). That Funding Commitment was designated for internal connections at our new high school. The approved amount referenced in that decision letter was \$95,454.47. Please refer to Document Two, which documents the next correspondence Elgin ISD had with U.S.A.C. I spoke with Mark Parker on October 17, 2000 about some changes that needed to be made on **Form 471 Application Number 0000122184**. On that date, I also discussed with Mr. Parker the fact that I was highly concerned that our network might be completed at a later date, which could cause us to lose Year Two Funding. He assured me that any projects completed by November 1, 2000 would be considered "inside the window". Document Three is a continuation of that correction. Mr. Parker also recommended that I file a **Form 500** to ensure funding for our high school. Elgin ISD did file that form and it is referenced in Document Three A (attached) and dated October 20, 2000. I was assured that the filing of the **Form 500** would insure our funding for our high school internal connections.

On October 30, 2000 our service provider, Cable Com, Inc., sent **Invoice Number 20-0417-5** to U.S.A.C. Please reference Document Four (attached), which includes a copy of **FCC Form 474**.

Please refer to Document Five (attached), which includes excerpts from my date book and references correspondence with the **S.L.D.** for the months of November 2000 – March 2001. I include these excerpts as documentation that I have repeatedly tried to contact someone at **S.L.D.** over the last six months to give me information on how I should pursue the fact that our high school project was running behind schedule. As you can see, from Document Five, I called the **S.L.D.** on November 7, 2000, November 16, 2000, December 1, 2000, December 18, 2000, December 20, 2000, February 8, 2001, February 13, 2001, and March 6, 2001. In each conversation I repeatedly asked the representative if I needed to fill our further forms or comply with any regulations to ensure the funding of **Application # 122184** (internal connections, new high school). During each conversation, I was presented with a "Don't call us, we'll call you" type of response. I was told there was no one with which I could speak to discuss the problems I had been having.

Finally, on December 18, 2000, I received a fax from Natasha Corlette requesting that I send a letter to her that documented that the project at the high school had been completed on September 30, 2000. Since that project was not completed until October of 2000, I could not comply with this request. Therefore I sent e-mail, followed by a fax, wherein I referenced that I had filed a **Form 500** on October 20, 2000, which requested an extension. Please reference Document Six (attached), which is a copy of the fax I sent to Ms. Corlette. I received no reply from this fax nor from the e-mail that I sent her.

On January 8, 2001, our superintendent, Janie Simmons, sent a fax to Ms. Corlette, wherein she stated that the problems in getting our network completed were solely the fault of the contractor and no fault of our own. She also referenced information on the U.S.A.C. website (<http://www.sl.universalservice.org/whatsnew/112000.asp#111400>) which stated that "circumstances beyond the control of the school district" would make the district eligible for their Year Two Funding. This fax may be viewed in Document Seven (attached).

I must repeat the fact that even though our district tried on numerous times, as is documented herein, to contact U.S.A.C., we never were allowed to speak with anyone concerning **FRN # 175803**.

After all our attempts to contact U.S.A.C., the only feedback we received was on March 6, 2001, when we received a phone call from Ed Fakowitz (973.884.8527) at U.S.A.C. I explained to him on that day, that our steel fabricator had gone bankrupt during the construction of our high school and that the

project was late being completed due to circumstances beyond our control. I asked Mr. Fakowitz to reference the U.S.A.C. website wherein it is stated:

“In an order released November 1, 2000, (DA00-2444), the FCC recognized certain categories of applicants that through *no fault of their own* had not been able to meet the September 30, 2000 deadline for receipt of non-recurring services for Year Two. The order established a new deadline on September 30, 2001 for such categories of applicants.”

Even after I emphasized the above quote to Mr. Fakowitz, and emphasized the fact that we had not been able to complete the internal connections until after the building was complete, he stated that the only way Elgin ISD might be considered for funding for this Year Two project was to file an appeal.

Elgin ISD received denial of services from the **Schools and Libraries Fund**, which was dated March 9, 2001, and received on March 16, 2001. Upon receipt of denial referenced in Document Eight (attached), a letter dated March 6, 2001, referenced in Document Nine (attached), was sent from me to our Superintendent. Our Superintendent, Janie Simmons, answered this letter verbally and asked that I follow up with a letter of appeal to both U.S.A.C. and the **Federal Communications Commission**.

If you would like to contact me for further information or documentation, I may be reached at 512.281.9860 or by e-mail at ballbright@elginisd.net. If you wish to contact our Superintendent, Janie Simmons, you may call her at 512.281.9731 or by e-mail at jsimmons@elginisd.net.

I must also state that without the help of the funding provided by the **E-Rate**, our school district would not have the viable network we enjoy today. Without the dedication of the people who fought to keep E-Rate alive, poor school districts such as ours would not be able to prepare our students for the future. Please help us as we strive to meet the needs of 2,888 students, 1,616 of whom are considered economically disadvantaged. Thank you for your consideration in this matter.

Sincerely,

Barbara Allbright
Technology Coordinator
Elgin Independent School District

Universal Service for Schools and Libraries

Adjustment to Funding Commitment and Modification to Receipt of Service Confirmation Form

Please read instructions before completing.

Estimated Average Burden Hours Per Response: 1.5 hours
(To be completed by Schools and Libraries or Consortia.)

Form 500 Number 00-01
(unique identifying number assigned by applicant)

Block 1: Applicant Information

1. Name of Billed Entity Applicant (required) Elgin High School	2. Billed Entity Number (required) 91661	3. Funding Year (required) 7/1/99 - 6/30/2000
4. Complete Mailing Address of Billed Entity Applicant (required) Street Address, P. O. Box or Route Number P. O. Box 351 City Elgin State TX Zip Code 78621		
10-Digit Phone Number 512.281.9860 Fax Telephone Number 512.281.5388 E-Mail Address ballbright@elginisd.net		

5. Contact Person Information

Contact Person Name (required) Barbara Allbright			
Mailing Address (required if different from Item 4) Street Address, P. O. Box or Route Number City State Zip Code			
10-Digit Phone Number Fax Telephone Number E-Mail Address			

Persons willfully making false statements on this form can be punished by fine or forfeiture, under the Communications Act, 47 U.S.C. Secs. 502, 503(b), or fine or imprisonment under Title 18 of the United States Code, 18 U.S.C. Sec. 1001.

NOTICE: The collection of information stems from the Commission's authority under Section 254 of the Communications Act of 1934, as amended, 47 U.S.C. § 254. The data in the form will be used to inform the Schools and Libraries Division of the Universal Service Administrative Company that a billed entity, and/or the schools and libraries that it represents, wishes to reduce its funding commitment amount on the funding request number level, or has modified the beginning or ending date for services received during the funding year.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the personal information we request in this form. We will use the information you provide to determine whether approving this application is in the public interest. If we believe there may be a violation or potential violation of a FCC statute, regulation, rule or order, your application may be referred to the Federal, state, or local agency responsible for investigating, prosecuting, enforcing or implementing the statute, rule, regulation or order. In certain cases, the information in your application may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government, is a party in a proceeding before the body or has an interest in the proceeding.

If you do not provide the information requested on the form, your application may be returned without action or your application may be delayed.

The foregoing Notice is required by the Privacy Act of 1974, Pub. L. No. 93-579, December 31, 1974, 5 U.S.C. § 552, and the Paperwork Reduction Act of 1995, Pub. L. No. 104-13, 44 U.S.C. § 3501, *et seq.*

Public reporting burden for this collection of information is estimated to average 1.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, completing, and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the reporting burden, to the Federal Communications Commission, Performance Evaluation and Records Management, Washington, D.C. 20554.

Billed Entity Applicant's 500 Number (to be assigned by Fund Administrator) _____

Billed Entity Number 91661

Contact Telephone Number 512.281.9860

Block 2: Services Adjustment: Fill in one Block 2 for EACH Funding Request (FRN) affected. If you are submitting more than one Block 2, please number your pages 2A, 2B, 2C, etc. and write the number in the space provided here: Page 2

6. Provide the following information about each service cited in your Form 471 Block 5, Discount Funding Request, [FRN] for which you want to take one of the following actions:

Remember: The FRNs listed on this form must be for the same Funding Year as listed in Item 3, Block 1.

New Start Date: If you wish to change the Funding Year Service Start Date you listed on a previously filed Form 486 in this funding year. This action will NOT result in more funding.

Contract Expiration Date: If you wish to change the ending date for services. This action will not result in more funding but you could combine it with a reduction in funding.

Cancel: If you wish to cancel a Funding Request Number. Please note: This action is irrevocable and the FRN can NOT be reinstated later. This action would allow money to be put back into the Universal Service fund for possible commitment to other applicants.

Reduce: If you wish to reduce the amount of your funding commitment for a particular FRN. This action is irrevocable and the FRN can NOT be increased later. This action would allow money to be put back into the Universal Service fund for possible commitment to other applicants.

The information required can be found in your Funding Commitment Decision Letter (FCDL) pertaining to the Funding Request (FRN) being affected.

To launch the submission of invoices for payment, please file **Form 486**.

IDENTIFICATION OF THE FRN TO BE ADJUSTED

NOTICE: The collection of information stems from the Commission's authority under Section 254 of the Communications Act of 1934, as amended, 47 U.S.C. § 254. The data in the form will be used to inform the Schools and Libraries Division of the Universal Service Administrative Company that a billed entity, and/or the schools and libraries that it represents, has begun or has planned to begin to receive service after receiving a funding commitment approval pursuant to FCC Form 471.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the personal information we request in this form. We will use the information you provide to determine whether approving this application is in the public interest. If we believe there may be a violation or potential violation of a FCC statute, regulation, rule or order, your application may be referred to the Federal, state, or local agency responsible for investigating, prosecuting, enforcing or implementing the statute, rule, regulation or order. In certain cases, the information in your application may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government, is a party in a proceeding before the body or has an interest in the proceeding.

If you do not provide the information requested on the form, your application may be returned without action or your application may be delayed.

The foregoing Notice is required by the Privacy Act of 1974, Pub. L. No. 93-579, December 31, 1974, § 552, and the Paperwork Reduction Act of 1995, Pub. L. No. 104-13, 44 U.S.C. § 3501, et seq.

Public reporting burden for this collection of information is estimated to average 1.0 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, completing, and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the reporting burden, to the Federal Communications Commission, Performance Evaluation and Records Management, Washington, D.C. 20554.

Please read instructions before completing.

SERVICE PROVIDER Invoice Form

Persons willfully making false statements on this form can be punished by fine or forfeiture, under the Communications Act, 47 U.S.C. Secs. 502, 503(b), or fine or imprisonment under Title 18 of the United States Code, 18 U.S.C. Sec. 1001.

NOTICE TO INDIVIDUALS: Section 69.619 of the Federal Communications Commission's rules requires the fund administrator to review bills for services and to determine the amount of universal service support to be disbursed to service providers. All service providers that have signed a contract or have tariffs in effect under which they provide discounted service to eligible schools and libraries who have received a Funding Commitment Declaration Letter from the fund administrator are required to submit this Service Provider Invoice Form to obtain universal service support for the amount of the discounts provided to eligible schools and libraries. This Service Provider Invoice Form informs the fund administrator of the amount of the discounts provided to eligible schools and libraries and for which the service provider seeks universal service support. The collection of information stems from the Commission's authority under Section 254 of the Communications Act of 1934, as amended, 47 U.S.C. § 254.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the personal information we request in this form. We will use the information you provide to determine whether approving this application is in the public interest. If we believe there may be a violation or potential violation of a FCC statute, regulation, rule or order, your application may be referred to the Federal, state, or local agency responsible for investigating, prosecuting, enforcing or implementing the statute, rule, regulation or order. In certain cases, the information in your application may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government, in a party in a proceeding before the body or has an interest in the proceeding.

If you owe a past due debt to the federal government, the taxpayer identification number and other information you provide may also be disclosed to the Department of the Treasury Financial Management Service, other federal agencies and/or your employer to offset your salary, IRS tax refund or other payments to collect that debt. The FCC may also provide this information to those agencies through the matching of computer records when authorized.

If you do not provide the information requested on the form, your application may be returned without action or your application may be delayed.

The foregoing Notice is required by the Privacy Act of 1974, Pub. L. No. 93-579, December 31, 1974, 5 U.S.C. § 552, and the Paperwork Reduction Act of 1995, Pub. L. No. 104-13, 44 U.S.C. § 3501, et seq.

Public reporting burden for this collection of information is estimated to average 1.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, completing, and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the reporting burden to the Federal Communications Commission, Performance Evaluation and Records Management, Washington, D.C. 20554.

Faxed 12/18/00

Natasha Corlette and the Question Desk at SLD:

This question is written with reference to year 2 funding for billed entity #91661. It concerns internal wiring for a local area network at a new high school in Elgin, Texas. The contact person for the SLD is Barbara Allbright (me) and I can be reached at 512.281.9860 on this Friday. The funding of this project by the SLD (as I understand it) is dependent upon the project being completed no later than September 30, 2000. I have some questions concerning this requirement.

1) Does the entire project have to be completed (including installation and configuration of switches) by September 30, 2000 - OR - do we only need to have completed the items included in the "list of eligible services"?

2) While our service provider, Cable Com is supplying most of the equipment and cabling we need to complete this project, most of the final installation work is being done by our network administrator. Can we say that the installation was complete September 30 if our Network Admin is completing this final stage of the project?

3) Our installation crew for cabling has had to wait for the electricians to complete the wiring portion of the new building before they could complete cabling. This problem caused us to run extremely slow in the installation process.

I filed a Form 500 requesting an extension of time on about November 15. We requested an extension through the month of September, 2000. It is now December 13, and we have been asked to send in a letter by fax to Natasha Corlette at (973)884-8013 stating that the project was completed on September 30, 2000. I am really unsure as to the actual date of completion as I have not visited the site. Earlier today when it was requested that I fax this letter to Natasha Corlette, I rotely went through the paces and did what was asked. I faxed a letter on EISD letterhead that the job was complete as of September 30, 2000. However, as stated above, I am unsure as to completion dates.

Please accept this email as an addendum to the earlier fax. I would appreciate a call or an email at your earliest convenience to verify the process that I should follow at this point.

Sincerely,

Barbara Allbright, Elgin ISD

RE: Year Two Funding for Elgin High School Internal Connections (billed entity #91661)

I am writing this letter in an effort to obtain our year two funding for internal connections for our high school local area network internal connections. Our building project on our new High School has been running behind schedule and is causing us to lose this year two funding.

According to information on your web site:

<http://www.sl.universalservice.org/whatsnew/112000.asp#111400>,
the fact that our service provider encountered "circumstances beyond their control" in the completion of our new high school campus makes us eligible for the year 2 funds. It is stated on your web site:

In an Order released on November 1, 2000, (DA 00-2444), the FCC recognized certain categories of applicants that, **through no fault of their own**, had not been able to meet the September 30, 2000 deadline for receipt of non-recurring services for Year 2. The order established a new deadline of September 30, 2001 for such categories of applicants.

The order acknowledges that some applicants did not receive their funding commitment decision letters, or a determination on their service provider changes or service substitution requests from USAC in time to implement non-recurring services. **Additionally, some applicants may have been unable to meet the September 30, 2000 deadline because their funding disbursements were delayed while USAC investigated the applicant's program compliance, or because their service provider was unable to complete implementation due to reasons beyond the service provider's control.**

Document Seven

Our school district has a very low tax base and the money we get from e-rate is our only avenue towards updating our networks and telecommunications services. Nearly 56% of our students are eligible for the DOE's free and reduced lunch program. Only about 55% of our community members have a high school diploma and the average income for our county is \$7,000 below the average income for the State of Texas.

I implore you to consider funding this application for internal connections. The digital divide can only be eradicated when communities such as ours have access to telecommunications and networking services that support digital learning environments. Help us bring our students across the divide.

Barbara Allbright, Technology Coordinator
Elgin Independent School District
P. O. Box 351
Elgin, Texas 78621

March 6, 2001

Janie Simmons, Superintendent
Elgin Independent School District
P. O. Box 351
Elgin, Texas 78621

Dear Ms. Simmons:

This letter is written in an effort to explain why the funding has been lost on the High School Network. I spoke with Ed Falkowitz of the Schools and Libraries Division of the Universal Services Administration Division (E-Rate) today and found that we are not eligible for funding due to schedule overruns at our new high school.

In order to help you understand the funding process as a whole, I am offering the following paragraph as background knowledge.

On May 7, 1997, the Federal Communications Commission (FCC) adopted a Universal Service Order implementing the Telecommunications Act of 1996. The Order was designed to ensure that all eligible schools and libraries have affordable access to modern telecommunications and information services. Up to \$2.25 billion annually is available to provide eligible schools and libraries with discounts, often referred to as the "E-rate," for authorized services. This benefit is supported by the Universal Service Fund, established by the Federal Communications Commission (FCC), to provide for affordable access to specified telecommunications services for all communities, regardless of location or economic strata. The not for profit Universal Service Administrative Company (USAC) is responsible for administering the Fund under the direction of the FCC. The Schools and Libraries Division (SLD) of USAC administers the Schools and Libraries Program. Up to \$2.25 billion is available each Funding Year. As of the end of October 2000, over \$5.7 billion has been committed and \$2.7 billion has been disbursed to schools and libraries.

A school district must apply for this funding on a yearly basis and must state in that application all upcoming projects. On January 12, 1999 funding requests referenced the High School Network as a project to be funded. The SLD approved our funding and sent us a funding commitment letter for the amount of \$95,454.47 on October 5, 1999. In order for the SLD to pay for network installation services, we should have had the project complete no later than September 30, 2000. Now, due to schedule overruns on the part of the building contractor, and no fault of Elgin Independent School District or the cable installer, we have lost \$95,454.47 in e-rate funding.

Sincerely,

Barbara Allbright, Technology Coordinator
Elgin Independent School District

New Deadline for Certain Year 2 Applicants for Receipt of Non-Recurring Services (11/14/2000)

In an Order released on November 1, 2000, (DA 00-2444), the FCC recognized certain categories of applicants that, through no fault of their own, had not been able to meet the September 30, 2000 deadline for receipt of non-recurring services for Year 2. The order established a new deadline of September 30, 2001 for such categories of applicants.

The order acknowledges that some applicants did not receive their funding commitment decision letters, or a determination on their service provider changes or service substitution requests from USAC in time to implement non-recurring services. Additionally, some applicants may have been unable to meet the September 30, 2000 deadline because their funding disbursements were delayed while USAC investigated the applicant's program compliance, or because their service provider was unable to complete implementation due to reasons beyond the service provider's control.

Letter
To Camp
Unit
in NJ.

The FCC established April 4, 2000 as a key decision milestone. Applicants who: (1) received, or will receive a Year 2 Funding Commitment Decision Letter dated April 4, 2000 or later, or (2) were authorized by SLD on April 4, 2000 or later to change their Year 2 Service Providers or to make Year 2 service substitutions, or (3) were left on September 30, 2000 with unfinished, non-recurring projects because service providers were unable to complete the work for reasons stated above, will have until September 30, 2001 to implement non-recurring services supported by Year 2 E-rate funds. The categories above include those applicants whose requests were received outside the Year 2 window and which are now under consideration by SLD.

The Schools and Libraries Division is currently working on the extension process details and will soon post more information about taking advantage of the extension.
